A Message From TABLE FOR TWO Executive Director Masa Kogure

Just two years ago, TFT was a successful Japanese NGO but no one had heard of us outside of Japan, and the impact remained very much domestic. As 2012 begins, we operate in 11 countries across 3 continents and are expanding fast. This is no surprise, as our model is simple and universal. This is our inaugural global newsletter, so stay tuned for more exciting updates from around the world! And best wishes for the new year from all of us at TABLE FOR TWO.

TAMER

TFT received a generous donation from Tamer Group, a Jeddah-based healthcare, beauty care, and consumer goods company. Tamer will launch the TFT meals in its corporate cafeteria, making it TFT's first partner in the Middle East. Tamer is party to a 50-year joint-venture with Daiichi Sankyo, another TFT partner.

CATERPILLAR FOUNDATION

The Caterpillar Foundation awarded TFT a large grant to implement systems that lead to sustainable school meal programs. This gift enables TFT to develop school gardens, fruit-bearing tree nurseries, animal husbandry and ecological fuel programs. Performance metrics will measure results so we can apply best practices to additional communities.
