Prefects are the ones distributing the food to their fellow pupils, while the local leaders are able to pay for the cooks from the village accounts. Parents are able to collect firewood.” Gerson also noted that attendance is between 96-98%, compared to less than 70% before the meal program was instituted.

A Message From TABLE FOR TWO Executive Director Masa Kogure

TABLE FOR TWO continues to expand with the launch in France and continued expansion in the U.S., including a new foothold in San Diego.

From the “other side” of the table we received some encouraging news from Tanzania. TFT began supporting the school meal program there last summer, and we now see increasing engagement from parents and community members.

Number of meals shared to date (as of March 1st, 2012): 

13,389,101 Meals

(Enough to feed over 65,000 children for an entire school year)
